

DuraVision™ Convex Mirror Product Sheet:

Half Dome Forklift Rear Vision

The new Forklift Half Dome has a wide angle 180° viewing area and is distortion free. Not only can the driver see what's behind him, he can also view either side of the forklift. Complete with a bracket that can either be fitted through the cab roof or fixed to the cab upright supports. The back is moulded plastic with an adjustable ball joint, making it strong and flexible, allowing for easy angle adjustment and is fitted with an impact resistant acrylic face.

Features

- 2mm acrylic mirror face
- Pure reflective coating
- Moulded Plastic Back
- Includes adjustable mounting bracket.

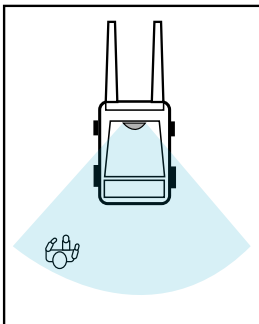

Suitable Uses

- Forklift Rear Vision
- Other vehicle Rear Vision
