

DuraVision™ Convex Mirror Product Sheet:

Outdoor DeLuxe Acrylic

The DeLuxe acrylic convex mirror is scientifically designed to optimise a drivers field of vision and minimise distance distortions making this model ideal for traffic and road situations. The shallower curve of the mirror face means you can observe high speed traffic much more safely. The DeLuxe model can be strategically positioned anywhere a driver's field of vision is obstructed, such as blind corners, a concealed entry or exit and hard to see intersections. The galvanised steel clamp bracket is designed for pole mounting. A wall mounting adaptor is also available to fix the mirror to a flat surface.

Features

- 3mm acrylic mirror face
- Pure reflective coating
- Large radius of curvature for minimum distance distortion
- Orange powder coated hood
- Orange vinyl extrusion
- Outdoor strength pole mount fittings to fit 75mm dia. pole
- Wall mounting adaptor available for clamp style bracket

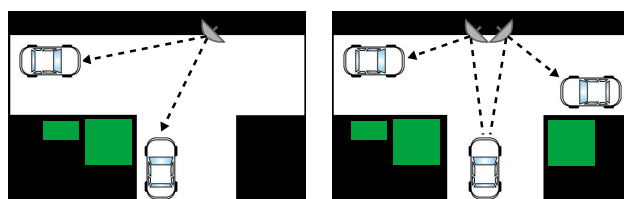

Suitable Uses

- Road and Traffic Safety
- Harsh Weather Conditions
- Driveways and Carparks
- Outdoor Security around Buildings
- Security Checkpoints and Border Control
